PARVATI RECORDS PRODUCTION WORKSHOP

1ST EDITION BY PETRAN

17 - 22 OCTOBER 2026

A SIX-DAY JOURNEY DEDICATED TO DEEP LISTENING, CREATION, AND SONIC EXPANSION..

This course is an invitation to **beginner and intermediate music producers**. If you wish to refine your creative voice within the psychedelic movement, we invite you to apply for this course.

WHAT YOU'LL LEARN

- How to refine psytrance **production techniques**, with a special focus on the **forest** sub-genre.
- **Core techniques**, including the creation of powerful basslines, complex leads, and immersive soundscapes.
- **How to contextualise** psytrance production through **musical analysis and entrainment theory**, using compositional techniques that align rhythm with bodily response.
- How to **master sound design** focused on the central pillars of the genre: solid kick and bass foundations; the creation of engaging atmospheres and leads; modular synthesis and cutting-edge tools.
- How to **structure a track arrangement** based on narrative concepts, where compositional patterns evolve into a coherent musical story.
- How to **elevate sound quality** through engineering approaches that prioritise dynamics and clarity, using creative mixing and effects processing (FX) to enhance musical expression.
- How to **apply advanced mixing and mastering techniques** as final polishing tools, ensuring your artistic vision translates faithfully across any sound system.
- How to **build a track in real time**, integrating compositional theory and audio techniques through a step-by-step demonstration of a professional production workflow.
- How to **refine your critical listening skills** and technical approach through dynamic Q&A sessions and constructive feedback on track development.
- How to **develop your own musical practice** with personalised guidance, receiving individual feedback, suggestions, and practical advice to overcome creative and technical barriers.
